Hi

anyone here into wildfowl – I am looking for something nice for my brother and sister in law who are celebrating their first wedding anniversary. She is Chinese so I thought something with Mandarins on would be nice but can't find anything nice enough. [meaning is love, romance, perfect mates etc] There is a print or two that always come up and some naff stuff on ebay that reappears.

A nice print or pair of ornaments would suit well. Does anyone have a good potter or some such in their vicinity who does them?
