Strange he doesn't sign himself using his real name of Peter Brooks, seeing that we all know what it is.

- 1) Tell everyone the Trolls do bother you.
- 2) Say you haven't killfiled them, and continue to not respond.
- 3) Tell other people off who don't respond despite not doing so yourself.
- 4) Continually remain silent about Trolls while maintaining they're having an effect.
- 5) Keep secret killfile rules so the Trolls don't know how to avoid them.
- 6) Make no legal threats or other barrel scraping manoeuvres when your abuse reports are acted on.
- 7) Eat vast quantities of fruit.
- 8) Forget to brush your dog for several decades to avoid causing distress to fleas.
- 9) Hinder a demon.local poster with their email while openly reading it.
- 10) Pretend you're as bent as a roundabout when in fact you're a hard bastard.
- 11) Become the laughing stock of Usenet like Rooney
- 12) Live to a very old age
- 13) Keep paying Dr Chartham his fees and hope one day you will no longer have a penis the girls can't get their gobs round.
