Nope, just saying that good information is better than having  
spaceperson  
coming down from the sky (in your story) to make changes

Jois:  
What's your position on big black monoliths?

Daryl Krupa

I kinda stand near by and hope the aliens return. I think my Sheltie scares  
them away.

I can't believe you still read SAP! Stick around, if I ever catch up on my  
reading I may have some excellent questions for you!
