Gotta love that last nugget. 400 very prominent, actual, climate scientists warn against the religion of global warming, yet Batten still claims that there is a consensus.

Gullible are you?

Dimmy!! Shame on you! It's almost like you were trying to lead someone astray! That doesn't mean the worlds' greatest evolutionary theorist is *dishonest*, does it? Perhaps it just means you're stupid. There, that's better...you're stupid. Like that better?

What's with this guy? I can't make any sense of his post, should it make sense?
Doug

Re: Scientists Warn Against Religious Belief in Global Warming

They are analysed by name here:
