Personally speaking, in my youth and teen years, the blonde headed people I tended to meet were just plain DUMB – like wide-eyed naive fools. They were wimpy too. That's just what I saw in that location a lot. I can't say that all blondes are like that. I know Scandinavian people that are VERY smart – and very blonde. Most Germans are not blonde – btw.

Or they'll pretend to be dumb if they are women – because they think men like that. I've seen that happen. A grown woman, blonde, having a HEAVY discussion about mathematics and physics – all of a sudden she's talking BABY talk and flirting with some guy.
