They controlled the media, education and psychiatry – heh. They pushed the
ideas of Franz Boas.

The Frankfurt School's people resulted in the NEO-Leftists in the USA – and
they (the neo-left) were crazy people. I posted elsewhere about this, I
think... maybe it was an egroup convo, don't remember.

Much of what resulted was a kind of sick reverse racism – but of course
that's NOT "racism" at all, heh.

They mixed Freud's bs with Marx and came to the conclusion that anyone that
had strong feelings of kinship with their own ethnic group (if it was a
European group that is) was sick and in need of shock therapy. They equated
it with authoritarian personalities. Hold on, they mean assertive people.
I'll try to find the info. Here it is..

Subject: Origin of Political Correctness

It starts with the Frankfurt School of Herbert Marcuse, included are Nathan
Ackerman, Theodor Adorno, Walter Benjamin, Bruno Bettelheim, Ernst Bloch,
Erich Froman, Carl Gruenberg, Julian Gumperz, Max Horkheimer, Otto
Kirchheimer, Leo Lowenthal, Kurt Mendelbaum, Franz Neumann, Friedrich
Pollocik Ernst Schachtel, Andries Sternheim, and Felix Weil.

Most notable were Marcuse the "father of the NEO Left" (which we consider
NOT left at all since they are the opposite of Marx-Lenin-Stalin). Marcuse
was the primary theoretician that totally went away from the hard science
neurophysiology of the Pavlov Soviet school, and blended Marx and Freud –

emphasis on Freud. He was the primary theoretician of the New Left. Bruno Bettelheim attained fame as a CHILD PSYCHOLOGIST; and Paul Lazerfeld and Leo Lowenthal became prominent in MASS MEDIA studies. Ah ha!

It was judged by these people, who had a pyramidal structure of lackeys with a lot of clout, that anyone feeling ANY KIND of ethnic feeling, was mentally deranged. They had the Institute of Social Research at Columbia. This largely ended in 1975 with the death of Horkheimer. These are the guys that threw out all concepts of freedom of choice, freedom of association and free feeling/thinking in favor of suffocating political correctness.

To make a long story short, this is the reason why today, if a white person gets into a fight with a black person and hurts him – it's a hate crime. But when blacks yanked people out of cars during the Cincinnati riots BECAUSE THEY WERE WHITE, when they targeted whites, beat them up badly and screamed racist stuff – it's NOT a hate crime, same goes for Asians or anyone else who is targeted for racist reasons. Heh.

These people were able to successfully penetrate all areas of learning and consciousness and the mass media. They treated the American public and kids to "therapy" as if they were inmates of an insane asylum.

This is what I KNEW was going on, I just couldn't get a solid handle on it. The origin of PC is the Frankfurt School. The main weapon they used was the concept of race.
