Source: <http://www.ojp.usdoj.gov/bjs/pdf/cpus9704.pdf> Table 4.2

	State_Prisons	Federal_Prisons	Male	Female
White	33.3%	33.2%	29.9%	29.1%
DAFN	46.4%	47.7%	38.1%	34.5%
Hispanic	17.1%	15.4%	27.0%	32.2%
Other	3.2%	3.7%	5.0%	4.2%
Total	100.0%	100.0%	100.0%	100.0%

These data are for 1997 which is apparently the most recent year for which the DOJ has the figures fully worked up. The same table has comparison data for 1991. For 1997, the DAFN figures are a few percent higher and white figures a few percent lower. Extrapolating to today, DAFN incarceration would be approaching 50% of the total prison population, a shocking and disgusting track record of crime and violence when you consider DAFNz are only 12% of the total population.

Shocking, just shocking...
