Their so-called "science" is nothing more than feminist dogma presented  
by scientists who use a lot of big words so as to appear objective.

But, they don't really matter, as long as they don't use their junk  
science as a pretext for taking my rights away. If all they do is  
gather together and cluck it up like trophy wives at a tea party, let  
them. But if they start saying that I'm so inherently violent that I  
must be controlled, they can smooch my moon white ass.
