Martin,  
the thing is that I as every other living person on this Earth have the right to 'personal integrity'!

No matter what you think of me, you have to accept that and you are hereby warned according to the advice the Official here today told me to say to you (and others) that such personal attacks and abuse of yours below will be forwarded to your State's Official Department. You see it turned out that your behavior is illegal and criminal. Stop your personal attacks!
