Three days.

As the violent left-wing Democrat-Anarchists invade the borough of Manhattan
over the next several days,

** what are you talking about? They are peacefully protesting while your
"hero" is waging war.
** and the amount of arrests is very low. So who are the violent ones here.

tensions are likely to briskly and fervently escalate amid the confluence
of so many conflicting interests both national and international. Coupled
with the extreme danger of a well-orchestrated Al-Qaeda WMD attack against
multiple targets here in the US,—especially on the RNC, Washington DC,
Pentagon, et al assets—this is sure to Red-line the HLS advisory system and
force our entire US military into unprecedented Defcon 1 wartime posture
within these next few extraordinarily exciting and exceedingly worrisome
days:

** Yep he war/terrordanger is perfectly milked, I am sure about hat.

http://www.fact-index.com/d/de/defense_condition.html

The greatest fear among the authorities is that these egregiously-hateful
and violent Democrat-Anarchists are apt to assist heavily-armed Al-Qaeda
sleeper cells in destroying not only NYC but America as a whole,

** Sure they have taken over russia and it`s vast nuclear arsenal to destroy
the entire US.
** Yes, terrorists can hit at any time. But we also know that governments and
other groups
** stage such attacks to further their own intrests.

since these Democrat-Anarchists hate President GW Bush and his Republican
administration as much or more than Al-Qaeda hates President GW Bush and his

Republican administration.

** Euh? Al Qaeda hates the west in general. Or more precise the infidels/kafirs etc.

Remember that old Arab proverb, which says that two enemies who share a common and more potent enemy will inevitably join forces against their more powerful aggressor?

** Not always, I doubt that these people would like to nuke their own country just

** because they don't like Bush. You might like to do that. Since you hate people

** with other idears so much, that you would love for your God to kill them.

That verily makes Democrat–Anarchists enemy–combatants under the Patriot Act.

** Only in your warped paranoid imagination.

I pray that every Democrat–Anarchist will be preemptively arrested as such, and, as a result, they'll never be accorded any rights whatsoever—as well it should've been already.

** spoken as a true american, no rights for those who disagree with me.

** What is the difference betwwen those fanatic muslims and you?

I pray that our nation will realize that a violent criminal is a violent criminal, be they totally–deranged Al–Qaeda fanatics or just a malicious terrorist acting alone. Anyone, and I mean ANY ONE who intentionally inflicts or actively seeks to inflict serious and/or life–threatening bodily harm upon any one or more innocent victims is precisely–exactly–on par with Usama bin Laden, Saddam Hussein, Adolf Hitler, or any other murderous madman whether he or she's got whole armies enforcing their atrocious policies, or if they're in organized gangs, or in smaller groups, or working for hire, or if they're simply acting alone. In the latter case, this absolutely must include murderers, forcible rapists, muggers, kidnappers, armed robbers, carjackers, child molesters, et al egregiously–violent criminals who seriously threaten or harm innocent people.

** So you basically mean your great "hero" Bush here? Or even your God, who, you wish, will bring

** great bodily harm upon people who widh not to follow him? So you also mean yourself?

I do humbly plead with our most excellent Bush administration to please begin treating ALL violent criminals as enemy combatants–meaning that they get NO mirandas and no phone calls, no lawyers, no trials, and no chance whatsoever of escaping aggressive interrogation and summary execution where such measures are deemed warranted by the arresting officers and their immediate superiors—who must now act as judge, jury and executioner for the

sake of our families, neighborhoods, communities, cities, states, our nation and the world. Let's hold law-enforcement to extremely high standards. Let's triple their pay and benefits. And therefore, let us put our unconditional faith in law-enforcement to enforce the law. Yet if they should seriously injure or kill an obviously innocent victim, then I say we must put their feet to the very same fire. I say NO VIOLENT CRIMINALS SHALL BE TOLERATED, period.

** Well your prisons are pretty full, and lately we here a lot of innocent people getting out

** after years of being locked up falsely. So I would say your prayers are answered, less

** rights for anyone it seems.

Let us cut to the chase and call a spade a spade. Let's aggressively, methodically and expediently interrogate all egregiously-violent criminals then quickly euthanize them as a matter of national policy.

** wasn't that your national policy already? Thou shalt not kill, does that mean anything to you?

Because violent criminals are NOT human beings, but they are rabidly-wild inhuman beasts which have been bitten terminally-rabid by the bite of the serpent.

** And he bit you too? Well most americans are bit by the caduceus and money and trade is their religion

** most worship mercury.

So, in order to protect and to serve our beloved community, our nation, and our planet,

** whose planet?

we must put these rabid vermin down before they can go out and bite another innocent victim.

** Yep you are an Al Queda look alike. Why not join forces and fight your common enemy

** the unbelievers. Come on, you know you want to do that, you are just chicken and want

** your god to do it for you.

Let's teach our law-enforcement officers to discern the difference between non-violent or moderately-violent law-abiding human beings verses seriously-violent rabid inhuman criminal ANIMALS which are but wild beasts to be put down. Do you see the difference?

** Yep violent criminals are more desperate, and delivered on a platter to the devil by moneygrabbers

** like you. Desperate people do desperate things. And by killing the

criminal you have taken away

** the opportunity for redemption. You have served your master, the serpent,
well my friend. lets feed him

* more souls , like your "hero" leader does, moer souls to the serpent.

Helping law–enforcement personnel to acknowledge and enforce this perfectly
scriptural Judeo–Xian tenet is crucial to enforcing the Patriot Act.

** thou shall` t not kill, is not in the Xian tradition?

Violent criminals are verily the enemies of Jesus Christ.

** And yet he has blessed and saved many, are you an enemy of christ?

** Now I am a kafir, an infidel, a wicked, a unbeliever. But you say

** you are a Xian, and yet, you are a perfect servant of what you call

** call the serpent. I` ll bet your love of money is very great.

Therefore, let us euthanize them all exactly as Jesus commanded:

"But those mine enemies, which would not that I should reign over them,
bring hither, and slay them before me."

–Luke 19:27 AV

Thy shall not judge, for as you judge so shall you be judged.

Let the one who is without sin cast the first stone.

etc etc.

Enemy of christ.

IN CONCLUSION: The only way that the world will ever live in peace, is to
rid our entire world of seriously-violent criminals.

** No it will live in peace when you saviour returns and not before that, if
you believe your scripture.

** I don` t, so when we learn to share and care it might get a bit better.

If we set the example, then other nations will follow our lead,

** oh many muslim nations are showing your way, everyday.

** although they use a different although similar book.

because we are the leaders of the entire 21st-century global empire–which
will soon enough be perfectly devoid of the Islamic Jihad and all other
violent criminals, God willing, and I confess that I devoutly believe that
God is willing: because of the word of Jesus Christ.

** which you know very little of, you sound more like a christian jihadi.

Peace be with you,

Daniel Joseph Min
