Sor Lucia de Jesus dos Santos (1907-2005)  
Karol Wojtyla/Pope John Paul II (1920-2005)

Lucia's passing earlier this month (Sunday February 13) finds her dear friend and confidant John Paul II close to death less than two weeks later—signs of the times, given that the whole world saw the ancient prophecy of "the Abomination of Desolation stand in the holy place" when homosexual marriage ceremonies made headline news beginning around March of 2004 i.e. about one year ago.

Recall the prophecy of S. Malachy O'Morgair (1095-1148), who'd written regarding pope #110 as "De Labore solis", and pope JP II was born on the molad of a solar eclipse.

The next pope, according to Malachy's prophetic vision, is described as "Gloria Olivae", and this pope, JP II's successor, is expected to reign but a very short time. Although interpretations of Malachy's prophetic words vary widely, in all probability the glory of olives is a judicial astronomical reference to wine, hence Virgo, Vindemiatrix or Mercury significant in this next pope's natal horoscope. Once we know who this is, then I'll do his natal horoscope and post it to reveal if Malachy's prognostication is true as it is verily expected to be.

Finally, Malachy writes thus of pope #112, who will be the last and final pope as the earth-changes take over:

In persecvzione extrema romanae ecclesiae  
In the persecution extreme of the roman ekklesia

sedebit Petrus Romanvs, qvi pascet oues  
will sit Peter the Roman, who will feed the sheep

Interestingly enough, this last prophecy of the final pope names him Petrus Romanus, I believe in reference to the foundation of Mother Church, the Roman Empire which the prophet Daniel calls the fourth kingdom of Iron unstably mixed with miry clay and is prophesied to be utterly destroyed by Fire (i.e. by the elements) in order to clear the way for the fifth empire, which is the kingdom of Jesus Christ reigning unto the ages.

The tremendous Judge is the harsh by letters \*K\*ronos, father time, who we call Saturn, Judgment of the major arcana, whose angel is most popularly known as Satan or Shaitan, King of the element Gravity, the accuser, even the deceiver (who makes the gentiles vulnerable).

Recall also that Armageddon refers to the fiery lake, the flaming abyss which burns eternal, and into which is cast the deceiver to join with the beast and false prophet in eternal damnation---the battle forever more.

In conclusion, JP11's passing signals the announcement of the 111th pope, who won't last in office very long. Remember what "Peter the Roman" means. The Rock of ages is, of course, the confession that our LORD and Saviour Jesus is the anointed Christ, the first begotten son of the living God. The Roman means the world of the fourth empire which long-since assimilated the previous three, the Babylonian, Medo-Persian and Greek. And Edgar Cayce dated the worldwide flood of Noah circa 30,000 years ago, noting that post-deluvian Babel was founded circa 25,000 years ago (NOTE: Genesis 10:8 "Cush begat Nimrod", where "begat" is in the perfect mood as are "the sons of Cush").

So the prophesied Extermination of the fourth empire is really the completion of the sabbath of grand centuries, or seven great years since the fall of Autumn & Evening, which by the Mayan long-count dates some ~177,000 years ago (0.0.0.0.0.0, -442.0.0.0.0; 18 Pax; 4 Ahau, which is Fri 22 Apr 177,376 BC Gregorian or 14 Dec 177,373 BC Julian; Julian Day -63063717) or since precession began.

This is really GOOD news for practicing believers, that the grand King of terror is unloosed from the prison of Tartaros, to humble the World (which father time rules), to reap the harvest and winnow the wheat from the chaff. In other words, the confession that Jesus is the Christ is the Stone which the builders rejected that \*SMASHES\* the fourth empire, the love of power, with the power of giving, Jehovah, or Jupiter, whose archangel is Michael.

That's GOOD News!
