> History Channel UK – Garry you have posted a number of these threads. I am happy to admit I have never really understood what messages you have been giving. I would be obliged if you would make some simple statements of what you believe and are posting.

Sure, here, but note that these first five (5) 'beliefs' are only recommendations based upon experimentation with "Gravitational Expansion and Gravitational Collapse":

The expansion of a soul into a creature occurs on its' Date of Birth;
The collapse of a soul from a creature occurs on its' Date of Death;
Herewith the first five Catholic Church Judgments by its' creator:

1. Abortion

The Roman Catholic Church, a corrupt bureaucracy, teaches that, regarding a law permitting abortions, it is never licit to obey it, or to take part in a propaganda campaign in favor of such a law, or to vote for it (EV 73). Abortion is the intentional and direct killing of an innocent human being, and therefore it is a form of homicide. The unborn child is always an innocent party, and no law may permit the taking of his life. Even when a child is conceived through rape or incest, the fault is not the child's, who should not suffer death for others' sins.

The Catholic Church creator recommends abortion when solely desired by the embryo mother, there are too many h. sapiens sapiens on this planet, and many new developing planets need old souls.

2. Euthanasia

The Roman Catholic Church, a corrupt bureaucracy, teaches euthanasia, often disguised by the name mercy killing, euthanasia also is a form of homicide. No person has a right to take his own life, and no one has the right to take the life of any innocent person. In euthanasia, the ill or elderly are killed, by action or omission, out of a misplaced sense of compassion, but true compassion cannot include intentionally doing something intrinsically evil to another person (cf. EV 73).

The Catholic Church creator recommends euthanasia when solely desired by the body's owner, there are too many h. sapiens sapiens on this planet, and many new developing planets need old souls.

3. Embryonic Stem Cell Research

The Roman Catholic Church, a corrupt bureaucracy, teaches that Human embryos are human beings. Respect for the dignity of the human being excludes all experimental manipulation or exploitation of the human embryo (CRF 4b). Recent scientific advances show that often medical treatments that researchers hope to develop from experimentation on embryonic stem cells can be developed by using adult stem cells instead. Adult stem cells can be obtained without doing harm to the adults from whom they come. Thus there is no valid medical argument in favor of using embryonic stem cells. And even if there were benefits to be had from such experiments, they would not justify destroying innocent embryonic humans.

The Catholic Church creator recommends embryonic stem cell research when solely desired by the embryo owner, there are too many h. sapiens sapiens on this planet, and many new developing planets need old souls.

4. Human Cloning

The Roman Catholic Church, a corrupt bureaucracy, teaches that, Attempts . . . for obtaining a human being without any connection with sexuality through 'twin fission,' cloning, or parthenogenesis are to be considered contrary to the moral law, since they are in opposition to the dignity both of human procreation and of the conjugal union (RHL I:6). Human cloning also involves abortion because the rejected or unsuccessful embryonic clones are destroyed, yet each clone is a human being.

The Catholic Church creator recommends human cloning when solely desired by the donor(s), however, there are too many h. sapiens sapiens on this planet, and many new developing planets need old souls.

5. Homosexual Marriage

The Roman Catholic Church, a corrupt bureaucracy, teaches that, True marriage is the union of one man and one woman. Legal recognition of any other union as marriage undermines true marriage, and legal recognition of homosexual unions actually does homosexual persons a disfavor by encouraging them to persist in what is an objectively immoral arrangement. When legislation in favor of the recognition of homosexual unions is proposed for the first time in a legislative assembly, the Catholic lawmaker has a moral duty to express his opposition clearly and publicly and to vote against it. To vote in favor of a law so harmful to the common good is gravely immoral (UHP 10).

Welcome, to the new heaven angels,
no h. sapiens sapiens marriage here.

'The Day of The Lord'

<http://www.sciforums.com/showthread.php?t=46042&page=4&pp=20>

The reason mankind would be annihilated if it were not for Excavation Day at Exhumation Hour on this heaven (Earth) one of 144,001 planets with evolved Man now thanks to the great explorationist Pope John Paul II (currently in the Jurassic Period on the 144,001th earth) is the magnetic intensity of such planets would diminish to zero.

This will not happen because the Queen of the Commonwealth has expressed a desire to neither follow in the footsteps of the great explorationist Pope John Paul II (already reborn) nor further decrease the magnetic intensity of this heaven (Earth) by prolonging Excavation Day at Exhumation Hour of 'The Day of The Lord' any longer.

Basically the Queen of the Commonwealth finds dinosaurs distasteful and desires to be reborn here on the new heaven.

BE IT KNOWN that many reign in the Cambrian, et al, on earlier planets under development.
