This is not archaeology but you folks seem to like things like this.  
I have opinion on it.

Like you folks in SHA seem to like Forests,  
Waterlevels in the oceans, Ice core dating,  
Climate change, the state of Socialism, Gandy, etc?

Actually we do not like anything you have listed but you folks are all over peoples and origins even though there is not an arkie find in the post. Do you want examples?
