Hi Rob:

Yeah, at the expense of an honest bystander. Your finding the culprit for your friend (why isn't he working this himself?) won't do much to put the innocent Dave Baret's reputation back together. I hope you realize the enormity of what you've done.

I don't mean to pillory in public again, I just find questions of honor like this very important, and hope you do too. I think, frankly, you should do a little more thinking about this incident and lose a bit more sleep.

Peace,

Rod Mollise
