OK Alex.....

What is the correct answer?!?!?? (Correct being a relative term since it has been shown that there are many 'solutions')

By now, I assume you've had time to question the teacher.

BTW---with this and your kitten question....!! As a retired educator, I can, with confidence, predict that if your daughter received any of your "inquisitive" genes, she's going to give a whole lot of teachers nightmares!

Encourage her!!
