[Part 1 of 2]

The following home astronomy activities in the NYSkies territory, mainly the commuting ring enclosing New York City, are operated by various organizations. A couple cultural items of special importance to City astronomers may be included.

An event inside a property, typicly a museum, may require a fee to enter the property in addition to the fee, if any, for the very event. Check with the event's contact.

Please know that altho NYC Events tries to confirm the listed events, they are subject to change by their sponsors. Check with the event's contact. For events which missed NYC Events, please check the message area in the NYSkies astronomy forum. To join NYSkies,send a blank email to 'nysky--subscribe@xxxxxxxxxxxxx'.

Hours are Eastern Daylight Savings Time.
