It's not my newsgroup.

Nor is it yours.

I try to respect the others here, and help new folks when I can...
Sometimes I don't do a good job of either, but it's still a goal...

You used to be a real asset here, and I enjoyed your posts (and told you

Whatever has caused that is not my business, but I do find it a shame to
see the talent you have being wasted this way. It's your business, as I
said, and not mine. But still a shame...

Your buddy Vlad, on the other hand, at least under THAT pseudonym, has
done nothing of note here except make a lot of noise. If someone here
