To follow–up on my 6–4–2006 website announcement.

Updated this website to include an index to LPODs (pre 6/1/2006)
involving near–side objects) by L100 number:

<http://members.csolutions.net/fisherka/astronote/plan/LPODIdx/html/LPODL100.html>

in website:

<http://members.csolutions.net/fisherka/astronote/plan/LPODIdx/LPODIdxProject.html>

The L100 numbers are on the far right. Only those LPOD articles with an
associated L100 id are listed.

The L100 LPODs cover about 54 out of 100 objects in the L100 list.
