I'm convinced that Sitav is a troll, too.

Think back to all the interactions you have had with younger people in clubs, at star parties, and public presentations. Try not to confuse age difference with trolling. Many of the questions Sitav has asked are appropriate, not only for her age, but for beginners in general. Trolls reveal themselves well enough.

If I were, Sitav, I'd be out-of-here, but I encourage her participation. And I encourage our acceptance.
