

ally rare, so you should not pay premium for a small emerald. An emerald over 2 or 3 carats, however and the value of it si

The other most important factor in determining the value of an emerald is its size. Emeralds less than one carat are not exceptionally rare, so you should not pay premium for a small emerald. An emerald over 2 or 3 carats, however and the value of it significantly increases. In fact, good quality emeralds over 5 carats will always out-price the best 1 carat diamond.<http://www.dojewelry.net>
