Three days.

As the violent left-wing Democrat-Anarchists invade the borough of Manhattan over the next several days, tensions are likely to briskly and fervently escalate amid the confluence of so many conflicting interests both national and international. Coupled with the extreme danger of a well-orchestrated Al-Qaeda WMD attack against multiple targets here in the US,—especially on the RNC, Washington DC, Pentagon, et al assets—this is sure to Red-line the HLS advisory system and force our entire US military into unprecedented Defcon 1 wartime posture within these next few extraordinarily exciting and exceedingly worrisome days:

The greatest fear among the authorities is that these egregiously-hateful and violent Democrat-Anarchists are apt to assist heavily-armed Al-Qaeda sleeper cells in destroying not only NYC but America as a whole, since these Democrat-Anarchists hate President GW Bush and his Republican administration as much or more than Al-Qaeda hates President GW Bush and his Republican administration. Remember that old Arab proverb, which says that two enemies who share a common and more potent enemy will inevitably join forces against their more powerful aggressor? That verily makes Democrat-Anarchists enemy-combatants under the Patriot Act. I pray that every Democrat-Anarchist will be preemptively arrested as such, and, as a result, they'll never be accorded any rights whatsoever—as well it should've been already.

I pray that our nation will realize that a violent criminal is a violent criminal, be they totally-deranged Al-Qaeda fanatics or just a malicious terrorist acting alone. Anyone, and I mean ANY ONE who intentionally inflicts or actively seeks to inflict serious and/or life-threatening bodily harm upon any one or more innocent victims is precisely-exactly-on par with Usama bin Laden, Saddam Hussein, Adolf Hitler, or any other murderous madman whether he or she's got whole armies enforcing their atrocious policies, or if they're in organized gangs, or in smaller groups, or working for hire, or if they're simply acting alone. In the latter case, this absolutely must include murderers, forcible rapists, muggers, kidnappers, armed robbers, carjackers, child molesters, et al egregiously-violent criminals who seriously threaten or harm innocent people.

I do humbly plead with our most excellent Bush administration to please begin treating ALL violent criminals as enemy combatants—meaning that they get NO mirandas and no phone calls, no lawyers, no trials, and no chance whatsoever of escaping aggressive interrogation and summary execution where such measures are deemed warranted by the arresting officers and their immediate superiors—who must now act as judge, jury and executioner for the sake of our families, neighborhoods, communities, cities, states, our nation and the world. Let's hold law-enforcement to extremely high standards. Let's triple their pay and benefits. And therefore, let us put our unconditional faith in law-enforcement to enforce the law. Yet if they should seriously injure or kill an obviously innocent victim, then I say we must put their feet to the very same fire. I

say NO VIOLENT CRIMINALS SHALL BE TOLERATED, period.

Let us cut to the chase and call a spade a spade. Let's aggressively, methodically and expediently interrogate all egregiously-violent criminals then quickly euthanize them as a matter of national policy. Because violent criminals are NOT human beings, but they are rabidly-wild inhuman beasts which have been bitten terminally-rabid by the bite of the serpent. So, in order to protect and to serve our beloved community, our nation, and our planet, we must put these rabid vermin down before they can go out and bite another innocent victim. Let's teach our law-enforcement officers to discern the difference between non-violent or moderately-violent law-abiding human beings verses seriously-violent rabid inhuman criminal ANIMALS which are but wild beasts to be put down. Do you see the difference?

Helping law-enforcement personnel to acknowledge and enforce this perfectly scriptural Judeo-Xian tenet is crucial to enforcing the Patriot Act. Violent criminals are verily the enemies of Jesus Christ. Therefore, let us euthanize them all exactly as Jesus commanded:

"But those mine enemies, which would not that I should reign over them, bring hither, and slay them before me."

-Luke 19:27 AV

IN CONCLUSION: The only way that the world will ever live in peace, is to rid our entire world of seriously-violent criminals. If we set the example, then other nations will follow our lead, because we are the leaders of the entire 21st-century global empire-which will soon enough be perfectly devoid of the Islamic Jihad and all other violent criminals, God willing, and I confess that I devoutly believe that God is willing: because of the word of Jesus Christ.

Peace be with you,
Daniel Joseph Min
