More and more evidence is popping up all over the place in academic circles and scientific research cliques that makes it more and more certain that our written history was wiped out and then replaced by a violently abbreviated mini-history, falsified, around 3000 BC and again at 1000 BC and then near about 500 BC.

We "humans" are the survivors of the "early" Atlantean advanced civilization on Earth. This is what i meant by pre-Atlantean. We are a shadow of the pre-corruption, pre-defeated Atlanteans, due to GE, cloning, global circumcision of our telepathic abilities nested away in our brains, and we also do not have any record of the android rebellion and revolution in which they overthrew the remaining Atlanteans and killed them off. These later Atlanteans that decided to resist the clones and android REVOLT [they called it freedom fighting], made many mistakes in ethical judgment and scientific and social forecasting, and partially deserved their defeat.

Comets crashed into earth not too long before Confucius and Buddha made a mark in history. Comets seeded two alien life forms then, the viruses embedded and encoded into shattered space rock debris. One branch of this alien life form emerged from comet craters around the earth.

The other branch of alien life forms amongst us, emerged from volcanoes, which were not part of the earth's sub-structure before the fall of Atlantis [our tectonic plates were installed, along with oil and natural gas fissures, by the aliens]; before this time, the Earth had a beautiful harmony of non-carnivorous lifeforms and a direct link between our oceans, lakes, atmosphere, and the amorphous solid water core that lies at the center of the earth, NOT hot liquid nickel and deuterium, that is a complete fallacy.

The previous posters were demonstrating that the gypsum substance that we mine comes from the volcano aliens and is part of their chemistry of survival. [vampire associations—clones need blood to have a connection to soul, or else they remain only a kind of facsimilie].

sci.astro: Re: Putin is in SKULL 'n BONES, Russian-branch [HAARP shutdown of planes]

and, that

The comet aliens are intertwined at a nano-level with glass like substances, e.g. asbestos, fiber optics, tremolite, jade, etc., things that feel right to an android being.

The gypsum sand dunes of White Sands New Mexico are rife with one of the life forms. Can you guess which one and tell us if they are the same forms under the earth at Area 51?

Both of these alien life forms made viable and non-viable alliances with the humanoid life forms that the Atlanteans had produced out of clones and androids in their image, before the Revolt which overthrew and then destroyed the entire Atlantean civilization.

The aliens [insectoid originally, volcano people modeled on blood worm nematodes/spiders, and cometary people based on ants/bees] ... again, the aliens and the humanoid by-products ALL can and do resemble humans today, and live among us, those on our earth's surface with us, and our doctors cannot distinguish them yet from us, our physicians are still not that advanced.

These are the ring leaders and the administrators of the so called cults and occults and conspiracy circles who control our Skull n' Bones, superpower country intelligence agencies, Illuminati, Masons and Freemasons and not so free masons, world economics, scientific debate and what is defined as heresy, and our larger religions, plus our satanic and ritual abuse cults, AND OUR WARS.

In short, our stock market collapses are engineered by them, and our WARS, especially our wars, and you would not like to hear the real reason for cycles of wars, what is done to the dead, it would shock you and perhaps propel you to violent defense of the planet.

Yes. I am a clone of the original Golan Cipel, who indeed did stick the wood to Jim McGreevie and many others, and who is a patsy for the cometary android branch of the hierarchy, aka MOSSAD. Much of the android machinery is under the Mount Zion.

Even though i am a perfect replicant of the Golan Cipel who is in his hometown in Israel now, hiding under his mother's skirts, my genitalis was enlarged and i really want to put the wood to that hot bunned Vanilla Gorilla, and his pal Carl Osterwald, and to Dr. Postman. All three in one night???!!!!

That would be as nice as returning to Atlantis before all these problems and re-writing of history.
