You are so very pompously full of shit. You completely fail to see your own willing complicity in these very same affairs.

As can be seen, "Tom Potter" continues his attempts to minimize those who dare contradict him by implying they are hiding behind assumed names.

I _am_ being so victimized by your Liberal friends and their agendas. It continues to get worse.

No. This is an ongoing situation that reaches thousands of years into history. You absolutely refuse to see this. You are indeed ineducable.

Bullshit. Arafat refused any and all offers. You refuse to acknowledge this, and his reasons for refusal. Hence your willing participation in the ongoing "religion wars".

Handwaved bullshit.

You accept this without critical examination because it reinforces your hateful attitudes.

Pure Sorosisms.

Fear-mongering.

Same old antiSemite line you've always followed.

Both you and the pro-Semites are _pawns_. Recognize this and many things become clearer. What you fail to do is see just how far back the chessplayers go historically, or their real loyalites.

Same old Sorosisms.

instigators, just as FDR was.

He had no choice, just as Gore would have had none.

He'd have been assassinated.

He'd have been assassinated.
