Fascist community,
police-America,
supremacy disorder,
Bush's land of white pride.
Glamour is grass,
Glamour is community permits for flowers,
Glamour is pride of the American Militant.

A mindset of war,
eat, vote, work,
erecting Iraq as a model for all Arabs
is the brain, the cop
in the fascist militant's land of radical extremist zoning.

The sound of police sirens chasing niggers,
The well-mannered colon and patron American,
Patrol and Command the zoned landscape,
Community Pride rules farms indivisibly with flags
with regulations stricter than a Commercial Center in New York.

The flags on a farm are the picture.
The supremacist herds his cows as the best,
The secret police is watching him,
he knows he won't violate the laws.

USA. Illegal supremacy and cultural violation of human rights.
Illegal fascist mentality. An illegal racist country who just
collapsed with a racist war in Iraq (erecting Iraq as a model
for all Arab countries, a country better than 1.n billion Arabs).
Unlivable conditions in and out of the USA.

Indivisibility. In North Korea all people in the street wear
pins of their two leaders.

Indivisibility is mankind's greatest horror and brainwash.

When the Iraq war broke out, in Colorado school teachers were
not allowed to wear he is not my president pins.

Eternal fascism

The force of the white patron of Bush power,
the force of police–America,
seeing self as the best,
the self as the ruler,
the politics represses the rest.

Colon and patron,
white house patrol and command
unifying the land under a religious
militant morning brainwash of power.

Colon and patron,
supremacists land,
prisons serve justice and abuse is the anger,
the anger of power to a supremacist command,
big government.

The flags on the farm is the picture,
Like the pins worn by people in North Korea,
Supremacy overkill. Supremacy overkill. Supremacy overkill.

Radical extremism, corruption of power,
erects an Iraq as a model for Arabs, a country
better than 1.n billion.

Illegal racist fanaticism and crimes against humanity.

State–sponsored.

The whole US government today consists of criminals.

Americans are special people,
they walk like world leaders in the street,
they talk like world leaders with pride.

There is no word for their crime.

Perhaps it is best expressed by a 2 year old who said when
she saw one: "Ma ma, look, Nah zi."

Mother looked as there was a painting of Hitler on
the wall behind an American shopper.

Both mother and father quietly giggled up.

In days of slavery the situation was the same. There was the
all–wise slave owner and I pulled his nipples strong and said:
"Look, now they are long, you can sniff it but don't bite it."

North Korea is great.
The USA is the greatest.

Eternal fascism

Eternal fascism

Colon and patron,
a supreme world leader in the streets,
patrol and command police—America!
fascist community of shaved cocks and pussies,
no peeing in the streets of America.

Try peeing on a statue in Brain Washington,
after drinking a bit of champagne,
try peeing in community streets of a metropolis,
try peeing around in the streets.
And piss it all over,
and see the result,
The supremacist kind will run crackdowns with force,
the peeing will stop, and statues will grow.

Sniff it don't bite it, brain Washington fight it,
the nipples are longer, the peeing is stronger,
statues will change nothing
when you are a nothing over 1.1 billion Arab people
to rule.
