Everything Bush does is racism. Erecting Iraq as a model for all Arab countries (still today), a country better than Arabs. Bush compromised safety with racism (corruption). 80–90 percent of Arabs think negatively of Americans today, while in the past Arabs thought positively of Americans. In the military those speaking of Bush and the Iraq war are arrested, those hailing Republican propaganda are not arrested. Everything is now Racism in the USA, which went from being a free country to racism and being one of the least liked countries in the world. A military that is brainwashed to accept nothing but a win (or be arrested for speaking as a human being) is the present. All US politicians are criminals (to conspiracy). In other countries presidents who conspire (once) are removed. Racism and supremacy has been a long conspiracy historically in the US government. Black and white racism in politics today that represents supremacy and crimes against humanity. A mindset of police–America stemming to the days of the KKK where the KKK ran town and politics, their greatest political success was made in the 1930's, at a time when the KKK ran all political and Sheriff's offices in say, Colorado (only one town, Colorado Springs in Colorado resisted). In some places in Mexico today police runs town and politics, the mentality of a racist mob. Everything Bush does is racist supremacist.
