Not seeing criminal supremacy and racist crimes, Iraq is being erected by Bush and Cheney as a model country for the whole Arab world, a country better than Arabs. Bush immensely worsened racism. 80–90 percent of Arabs think negatively of Americans while in the past Arabs thought positively of Americans according to statistics. Safety was compromised with racism and that is a criminal supremacist corruption. Racism and supremacy is a historical corruption and crime in the US government. Bush turned most US politicians into criminals to racist crimes (against humanities).

Republicans cannot be spoken to, worked for, socialized with.

Criminal supremacy stems to the 1930's KKK and it is terrorism.  
Bush is a terrorist. All the Republican politicians are terrorists.

There can be no contact or negotiation with terrorists.

Re: All Republican politicians voted for staying militarily in Iraq

How did Borat say? War of terror.

Leaving the USA is mandatory.

There is one thing I learned: sanctions are bad and generally used against countries with the poorest people (500000–3000000 died starving in Iraq, Cubans make \$7/average, North Koreans live in poverty). Sanctions are like organized Nazi concentration camps that intend to starve people like Germans did to Nazis. However it is definitely worth to leave a racist supremacist country. There are a lot of dedicated foreigners in the USA who work very hard to find a better life in the USA. Their problem.
