martinhowell@xxxxxxxxxxxx:

This is to announce a relatively new astro forum to the sci.astro community. Moderated sci.astro.amateur is now three months old and has 151 posts in 59 topics by 52 members. I invite all to take a look at the forum. Here is the url: www.moderatedsciastroamateur.org

At Moderated sci.astro.amateur you will find – and can post – topics, images, flash content, YouTube submissions, polls, a picture of yourself and/or a short audio greeting to the forum members, a nice planetarium, updated astrowire, an off topic forum, and a quirky little twist. . .an arcade consisting of 114 games for our members only to compete on and attempt to best each other for #1.

Why not drop by Moderated sci.astro.amateur? Our members await you!!
