Welcome to wacahar, war against crimes against humanity and racism.

I am a cannibal of the summa cum laude nobel prize revolutionary front, I am not a human rights activist, I am a cannibal, I eat people, and I want world war. We are the wacahar.

1. Booglebush Bush, threat psycho of racist corruption of power.
2. Booglebush Google, threat psycho of totalitarian scale Orwell-camera-incessed piracy-addict of culture and life
3. Sectarianism and children in take over the world openness of sect totalitarianism that by all cult means takes advantage of valneurable people.

In one word Booglebush extreme psycho cults of racism and blackgovernment aiming to imply old horrors of big brother that eliminate general medicine and claim alternate medical treatments and scientific methods. Google has not yet formed alternate medicine ideals.
