SUMMARY:

THREE YEARS of and continuing MENTAL TORTURE, TERRORISM, SADISM and BLATANT human rights violations by FBI SADISTS and PERVERTS.

Please SAVE this post on your hard disks or email account and also bookmark it because the FBI sadists are gonna force the websites to remove this posting for good. I posted this column to pretty much all "active newsgroups" three weeks ago but the FBI "ARM TWISTED" and "FORCED" google management to "REMOVE 90% of them" from the getting posted to the USENET and violated my FREEDOM OF SPEECH.

Undercover FBI agents will attack me, ridicule me and discredit me with fictitious userids in response to this post and I request all readers to completely IGNORE those MANIPULATIVE, LYING FBI perverts and sadists.

Please forward and distribute this to as many senators, congressmen, journalists, editors, civil rights attorneys, civil rights activists, investigative reporters, radio talk show hosts, managers, co-workers, family and friends and all Americans concerned with civil liberties.

I am not a muslim, I don't have even a single muslim friend, I am not a member of any religious organization, I am not a drug smuggler, I do not belong to any crime mafia, I did not kill anybody, I am not a spy and I never ever worked for any government and not even "remotely connected" to any government agency whatsoever, I do not have any prior criminal record, I am a US citizen and have been living in US for a little more than 15 yrs and I graduated with a masters degree in computer science from a US university more than a decade ago. I am even willing to take "ANY NO.OF POLYGRAPH TESTS" to prove whatever I said is true and a fact, about my background.

FBI has been MENTALLY TORTURING me with 24X7 surveillance for the last three years inside and outside my apartment with video surveillance devices and motion sensors around my apartment, my phone has been

tapped, my web surfing is being monitored all the time for the last three years, my emails are being monitored, gps vehicle tracking devices and voice amplification devices have been placed in my car and undercover FBI agents have followed me to restaurants, grocery stores, malls, movie theatres, banks and even barber shops etc and forced me to live like an animal and a virtual prisoner for three years. FBI has interfered in my personal life for no reason and jeopardized my job opportunities. FBI is obsessed with me and has ruined, destroyed and wrecked my life for the last three years and destroyed my physical and mental health.

The SADISTIC FBI agents are NOT charging me, NOT letting me find a job, NOT letting me have a normal life, NOT letting me have even an IOTA of PRIVACY and mentally TORTURING and TERRORIZING me with 24X7 surveillance, making 2000 UNSOLICITED phone calls to my unlisted phone#s, entering my apartment ILLEGALLY and STEALING personal belongings when I am not home, watching me real time live with video surveillance devices installed in my bedroom, living room, kitchen and DISGUSTINGLY even in my rest room and humiliating and dehumanizing me and BLATANTLY violating my civil rights and constitutional right to privacy and ABUSING the "DRACONIAN" PATRIOT ACT.

The PERVERTED FBI "ILLEGALLY" installed tens of audio and video surveillance devices in my apartment, watching me NAKED, REAL TIME LIVE 24X7 even in my rest room taking shower, psychoanalyzing each and every move, each and every word I said, each and every second of my life, each and every blink of my eyes and each and every comment I posted on the web.

Is there a LIMIT to FBI Sadism and Perversion ??

If you want to contact me, please send me email at vickyg456A@notyahoo.com by removing the letter "A" and the word "not" from the email id.

I spoke to at least 200 attorneys in both Michigan and Georgia for legal help but only about two or three attorneys were willing to help me but asked me to show physical proof of either gps or video surveillance devices. I did a lot of research and found a couple of private investigators (who were ex-FBI agents) more importantly who are knowledgeable about the latest "counter surveillance technologies" but they also DECLINED to help me on ONE PRETEXT or the OTHER even though I was willing to pay for their services.

I told these two very HIGHLY QUALIFIED and KNOWLEDGEABLE private investigators Niles (Eagle services 866-691-7985) and another PI, Charles Middlestadt (404-252-5322) of ISC Worldwide Inc in the Atlanta area who are capable of finding the gps vehicle tracking devices in my car, that I am NOT A MUSLIM and they have NOTHING TO WORRY ABOUT ME and even offered them to go through my attorney and help me but still THEY DECLINED to help me OUT OF FEAR that I might be a muslim.

And eventually I was forced to spend a \$1000 as fees out of sheer desperation knowing fully well that the Private Investigator I hired has at best AVERAGE counter surveillance skills to sweep my car for gps vehicle tracking devices and he did a LOUSY JOB and found nothing, as I expected.

One attorney in Michigan CHEATED me for a thousand dollars and didn't do diddly squat and another attorney made me spend a couple of thousand dollars more, again for nothing.

Some attorneys I consulted told me in very CLEAR TERMS, that FBI agents LIE, MANIPULATE, CHEAT and are VERY UNETHICAL in their MEANS and METHODS. The attorneys also told me that in order for me to file a civil lawsuit against the FBI, I have to PROVE the existence of surveillance devices and also the harassment which will be quite a tall order for me to do without the help of willing attorneys and helpful private investigators and EVEN THEN the FBI sadists would have removed all those surveillance devices by the time the private investigators came to sweep my apartment for those devices after a couple of days since the FBI is listening to each and every goddamn word that came out of my mouth whether it be in my apartment or when I was speaking to these PI's and attorneys from pay phones or cell phones.

You can investigate these undercover FBI agents yourself and find out the truth. Remember, some times vehicles are registered in parents or spouses names and also FBI uses fictitious front companies to employ their undercover agents.

If any of you think, all these things are my paranoid delusions, I CHALLENGE you to send an email to undercover FBI agent Frank Spodek (sfrank9@aol.com) OR call Kathleen Sue Taylor OR Maddelina Wahl OR Mediha Krijestorac or Janet Lorna Brown or the other FBI agents I listed at their phone numbers and confirm it with those FBI PERVERTED SADISTS themselves.

EBAY Ebay Id: SpodekModek, sfrank9@aol.com --> email Id of Frank Spodek - Undercover FBI Agent who monitored my Websurfing activities.

You can do a quick investigative test by emailing to sfrank9@aol.com and asking Frank if he is an undercover FBI agent and I am absolutely positive he WONT respond and DENY he is an FBI agent because then it will be a LIE. With this test you can conclude Frank Spodek is indeed an undercover FBI agent.

2/29/04 Undercover FBI agent with a fictitious name "Agent Johnson" and IP address 81.132.210.89 said on internet that they are using me as a training target and have got a bet on as to when I'll do something really stupid and also they are taking bets on what it will be in alt.astrology Usenet newsgroup on 2/29/04. This FBI agent from Michigan field office might have posted it anonymously and hence the IP address might be a fake one. Url for Agent Johnson's post follows.

3/21/04 Undercover FBI agent by some fictitious internet name "THOR" and email Id: funk_a_del_ic2000@yahoo.com and IP address 24.94.125.55 in the Washington DC area monitored my web surfing activities and posted on rec.sport.cricket Usenet news group.

I am absolutely confident all the above mentioned people are undercover FBI agents GUARANTEED. You can investigate them yourself and find out the truth.

FBI who is supposed to catch terrorists are WASTING humongous amount of tax payers money to ruin, wreck and destroy ordinary peoples lives and are MORE INTERESTED and spent three years to tell me how SMART and INFINITELY POWERFUL they are compared to me.

FBI has even been eavesdropping, monitoring and recording my conversations with attorneys from pay phones when I was looking to hire an attorney to get help with this FBI's harassment, dehumanization, humiliation and mental torture.

FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

sci.chem: FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

FBI agents have been entering my apartment regularly and torturing me by doing whatever they want because they know I am taking medication that puts me to sleep and I won't wake up until the next morning until the drug effect goes away.

FBI has forced Google or used some technology at their disposal to cancel some of my comments from getting posted on INTERNET newsgroups misc.legal, trial.misc.legal from a library in Farmington Hills, MI and denied and VIOLATED my right to FREEDOM OF SPEECH in 11/03 or 12/03.

FBI has entered my unlisted phone#s in all marketing and fax databases and sent me faxes in the middle of the night. I received at least on the average two to three marketing calls and faxes everyday for 3 years to my unlisted numbers totaling at least 2000 unsolicited calls in the last 3 years.

FBI agents have terrorized me by calling my current unlisted phone# atleast 200 times in a month and a half in July and August 2004, intentionally asking for Roberto Fernandez (last name changed), knowing fully well that nobody by the name Roberto Fernandez lived in my apartment.

I called undercover FBI agent, Kathleen Sue Taylor on 4/1/04 and told her I do not want to receive any HARASSING UNSOLICITED phone calls from the FBI and from next day onwards, the FBI had made my unlisted phone# appear on caller id of ordinary american people multiple # of times, where the owners of those phone#s listed below got upset and called me and left abusive messages in my answering machine.

The owners of these phone numbers listed below called and asked me why I was calling them repeatedly, even though I DON'T KNOW who they are and I NEVER called them even once.

703-580-8992 4/2/04 Dale City, VA

540-309-1226 4/3/04 Roanoke VA

434-525-1448 4/3/04 Lynchburg, VA

757-404-1076 4/4/04 Harry Folsom left me an abusive message

703-820-6695 4/4/04 DC Suburb, VA

770-966-5236 4/4/04 Cooper P D, Woman left me an abusive message

757-483-0583 4/7/04 Norfolk, VA

540-463-7459 4/7/04 Lexington VA

770-253-6297 4/8/04 Hammond Stinson

703-541-0950 4/9/04 DC Suburb, VA

FBI pretended to be me and made all these phone calls themselves from the FBI head office in Washington DC to those ordinary Americans and made my unlisted phone# appear on their phone caller ids, as if I am calling them.

sci.chem: FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

Please speak to, ADVISE and ENCOURAGE these people above to file lawsuits against the US government and FBI for violating their privacy and for phone harassment.

Once a Caucasian male FBI agent in a Comcast van threatened to ram into my car from behind and came within half an inch of hitting me from behind even though there was no traffic altercation between us on a city street in Southfield in Feb 2002.

Two FBI agents once shouted at me and abused me verbally in a Sports Authority store parking lot approximately around Feb 2002 in Livonia, MI.

FBI ILLEGALLY stole passwords of all my email and internet accounts with the help of bugs installed on my computer.

FBI agents have followed me even when I went to see a doctor. There was one Caucasian FBI agent in a white truck with GA license plate APZ 7647 on 5/24/04, waiting for me in a truck in the hospital parking lot listening to the conversation I was having with the doctor using voice amplification devices.

I am currently living in a two bedroom apartment sharing it with another person and the FBI sadists made anonymous calls to the apartment management office with fictitious complaints and tried to get me evicted from the apartment in July 2004.

FBI agents ILLEGALLY entered my apartment when I was not home in May 2004, stole a "yellow highlighter" and after I moved to a different Atlanta suburbs a month later entered my apartment again when I was not home and placed the "yellow highlighter" on the carpet in the middle of my bedroom by the time I came back from watching Fahrenheit 9/11 movie on 6/27/04. The FBI knew that I went to watch Fahrenheit 9/11 movie on 6/27/04 because they were watching me looking for directions and movie times on the internet and also with the help of gps vehicle tracking devices in my car.

I spoke to an attorney from a pay phone on 6/24/04 and during the conversation I asked the attorney if we can get a court order to force the Internet Service Provider to reveal if my internet web surfing is being monitored by the FBI and lo and behold my internet account MYSTERIOUSLY DISAPPEARED from the ISP computers on 6/25/04. On inquiry my ISP told me somebody called and cancelled my internet account the previous day, which I never did.

I rented a car on 7/14/04, bought a cell phone and stayed in a hotel that night and by next morning 7/15/04, the FBI has figured out where I was staying and wire tapped my cell phone and tracked me by placing gps vehicle tracking devices even in the rental car.

sci.chem: FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

FBI agents ILLGEGALLY entered my apartment when I was not home on 7/16/04 and LOCKED the bathroom door from inside, by the time I came back in the evening.

FBI agents ILLEGALLY entered my apartment when I was not home between 7/15/04 and 7/18/04 and logged on to my computer and REMOVED a stock list from my Yahoo account.

FBI agents ILLEGALLY entered my apartment when I was not home on 7/18/04 in the morning and turned the Air Conditioner "ON" intentionally by the time I came back to TORTURE me.

FBI agents ILLEGALLY entered my apartment on 7/18/04 when I was not home and placed a razor blade and a nickel (which they STOLE from my apartment in Marietta in May 2004) and put it in a plastic bag to TAUNT ME to say WHAT CAN YOU DO ?

FBI agents ILLEGALLY entered my apartment in the early hours of 7/22/04 (while I was still sleeping in bed) and opened a tote bag I kept next to the pillow and unzipped a small bag (zip which I closed the previous night) inside, just to TERRORIZE ME as if to say, we can and will do anything to you and you can't do anything to us because we FBI are GODS.

FBI agents ILLEGALLY entered my apartment when I was not home on 7/22/04 during the day time and placed the TV remote this time hanging on the edge of the bed to TERRORIZE me that they entered my apartment.

FBI agents ILLEGALLY entered my apartment sometimes when I was not home, pretending to be Wall Street Journal delivery personnel and delivered sometimes MUTIPLE copies of the paper on the same day and also sometimes delivered multiple Chinese restaurant take out brochures.

My room mate goes to work around 6 AM and on the night of 7/23/04 I pasted a 8.5 X 11 page note on the inside of the apartment entrance door for my room mate to wake me up when he leaves so I can bolt the hotel lock from inside and go back to sleep. My room mate woke me up like I requested and I bolted the hotel lock from inside of my apartment and went back to sleep at 6 AM on the morning of 7/24/04. The sadistic FBI agents STILL ENTERED my second floor apartment while I was asleep between 6:00 AM and 10:00 AM on 7/24/04 and REMOVED the 8.5X11 inch page pasted note on the inside of entrance door and LEFT IT on the ENTERTAINMENT CENTER in the living room just to TORTURE ME mentally and TERRORIZE me “We entered your apartment even when you locked the hotel lock bolt and did this, but what can you do ?”

FBI agents ILLEGALLY entered my apartment when I was not home in the evening on 7/24/04 and again opened the tote bag and unzipped a small bag which is inside the tote bag and also STOLE a one time use Kodak camera from my bedroom which I bought on 7/23/04 in Wal Mart.

sci.chem: FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

FBI agents have REGULARLY entered my apartment ILLEGALLY with laptops when I was not home and copied information from my computer and floppy disks and messed them up.

FBI agents have destroyed my livelihood by assassinating my character with potential employers by making anonymous calls to them when I sent resumes since FBI is privy to all the email addresses and phone numbers of the recruiters and potential employers. I do NOT think this is an EXCEPTION and imagine how many ordinary Americans have been suffering this FBI SADISM for years without knowing it.

Sadistic FBI agents called me at least 30 times repeatedly in the space of an hour and a half between 7:00 and 8:30 pm on 7/27/04 and asked for Roberto Fernandez knowing fully well that nobody by that name lived in my apartment and infact said "You are so funny" and made WEIRD SOUNDS like aye, uye, ick, ihe etc while watching me real time live all the time with the video surveillance devices installed in the ceiling of my bedroom when I answered the phone.

FBI agents ILLEGALLY entered my apartment on the night of 8/1/04 when I was asleep and stole prepaid calling card pin numbers from my trouser pockets. One of the prepaid calling cards in my trouser pocket was called "I Conexion" and the FBI next day called me on 8/2/04 and made the number 770-242-8775 with caller name "Internet Conexion" appear on my caller id to TERRORIZE me, that they entered my apartment the previous night and stole the prepaid calling numbers from my trouser pocket. The phone# above is NOT an FBI# but some other company.

FBI agents ILLEGALLY entered my apartment while I was asleep on 8/2/04 night even though the hotel lock was bolted from inside, and placed the tv remote face down on the end table of my bedroom, folded a prepaid calling card in my trouser pocket and formed a crease on the card, removed a library map from the file folder (which was inside a tote bag) and placed it outside the file folder and unzipped the back pocket of the tote bag half way down and left it there to torture me.

FBI agents have been alerting the security departments of WalMart, Best Buy, JC Penney stores etc with fictitious complaints when I went there for shopping, so the security cameras in those stores are constantly focused on me and watching me while I was in those stores.

I rented a car on 8/5/04 and stayed in a hotel to get some privacy and the sadistic FBI agents still tracked me down that night and left the rental car doors unlocked by next morning on 8/6/04.

I changed the car rented the previous day on 8/6/04 and traveled a couple of hours on a highway, took an exit, parked my car in a strip mall parking lot and spent about 20 minutes in a retail store and by the time I got back to the car, FBI agents followed me and put two quarters on a plastic bag containing donuts in the back seat of the

car just to taunt and terrorize me they are still following me even when I rented a car and drove out of the city.

To protect myself from these SADISTIC FBI agents entering into my apartment and stealing things when I am asleep, I locked my bedroom door from the inside and put a small heavy box and a 19 inch TV on top of the box against the bed room door on the night of 8/7/04 so if the FBI agents try to open my bedroom door, the TV will fall off the box at the slightest movement of the door, make a big sound and wake me up. On the morning of 8/8/04 around 9:00 AM I woke up to a giant thudding sound of the TV falling on the floor from the box and FBI agents speeding away by the time I realized what happened. FBI agents entered my apartment and opened my locked bedroom and pushed the door at 9:00 AM so hard, they pushed the box a good two feet away from the door. The FBI SADISTS are even willing to break my 19 inch TV to TORTURE and TERRORIZE me.

FBI agents STOLE a pilot pen pack (which I bought from CVS Pharmacy on 8/8/04) from my car on the night of 8/8/04 and entered my apartment on 8/9/04 when I was not home from 11 AM – 12 noon and placed the pilot pen pack under a chair on the carpet in the living room to torture me.

FBI agents ILLEGALLY entered my apartment on 8/10/04 between 1:00pm and 1:15 pm (just 15 min) when I went to Publix and turned the TV "On" in my bedroom by the time I came back to mentally torture me.

SADISTIC FBI agents ILLEGALLY entered my apartment while I was taking shower on 8/12/04 around 1:00pm and removed a shaving set scissors from the tote bag pocket in my bedroom and placed it on the iron board in my bedroom. FBI was able to execute this operation because they were watching me taking shower "real time live" with video devices installed in my "bathroom".

FBI agents ILLEGALLY entered my apartment even when the hotel lock was bolted from inside in the early hours of 8/16/04 while I was asleep and removed the middle row donuts in a 12 pack krispy kreme donut box in the refrigerator and placed them in the empty left row and placed the concord grape jelly bottle horizontally in the refrigerator and unplugged the tv cable from the cable outlet in my bedroom to TORTURE me that they are still entering my apartment anytime they want at their will.

FBI agents ILLEGALLY entered my apartment while I was asleep in the early hours of 8/20/04 even when I put a coffee table against the apartment entrance door and a small heavy box and a 19in TV against my bedroom door from the inside and searched the locked tote bag and unzipped the back pocket of the tote bag half way down and left it there to TERRORIZE ME that they are still entering my apartment no matter what precautions I take.

sci.chem: FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

FBI agents ILLEGALLY entered my apartment on 8/22/04 around 7:30pm while I was taking a nap and turned the Air Conditioner "ON" to TAUNT me that they were entering my apartment EVEN WHEN I WAS still in my apartment.

FBI agents stole a Gillette disposable razor on the night of 8/25/04 from my duffel bag and placed it between the drivers seat and driver side door near the trunk opening lever of my car.

FBI agents ILLEGALLY opened the rental car I rented, in a hotel premises on the night of 8/27/04 and removed the cup holder and placed it in front of the parking brake of the car to HARASS ME that they are still following me even when I rented a car and stayed in a hotel.

FBI agents ILLEGALLY even tapped MetroPCS cell phone numbers instantaneously as soon as I bought them on the same day.

SADISTIC FBI agents AMUSED themselves by turning my bedroom table lamp in my bedroom, ON and OFF by using remote control devices, sometimes while I was browsing the web.

FBI agents ILLEGALLY CHANGED three passwords (even though I used Kinkos to keep my PASSWORDS PRIVATE) of my three email ids that I was using to send this document to investigative reporters between 8/26/04 and 8/28/04 to "PREVENT ME" from EXPOSING their SADISM, PERVERSION, TERRORISM and MENTAL TORTURE, by either ILLEGALLY installing key logging software on kinkos computers or by some other ILLEGAL MEANS unknown to me. So I created brand new email ids and sent this document and god knows when the SADISTIC FBI will change the passwords of my NEW email ids.

FBI agents ILLEGALLY entered the hotel rooms even when locked from inside where I stayed in August and September and installed video surveillance devices and moved things around from the tote bag's zipped side pocket into the tote bag to TERRORIZE me that they will INVADE my privacy and MENTALLY TORTURE me even when I slept in hotel rooms.

To escape this FBI sadism, I went and slept in an acquaintance's apartment in the first week of September 2004 and the SADISTIC FBI agents still came and entered that apartment, installed video surveillance devices in the acquaintance's apartment and drew a curvy line with a knife on the black colored apartment door of the acquaintance to TERRORIZE me.

Sometimes when I spoke to my roommate in non-English language, the psycho-analysis OBSESSED SADISTIC FBI agents called me on the phone immediately and said "komo-isthaaaa" in a SARCASTIC way and asked for Roberto Fernandez knowing fully well that nobody by that name lived in my apartment.

sci.chem: FBI SADISM, PERVERSION, MENTAL TORTURE and BLATANT human rights violations

Sadistic FBI agents "reacted" to EACH and EVERY word that came out of my mouth for the last three years by making 2000 UNSOLICITED HARASSING phone calls at my unlisted private phone numbers.

American "democracy" and "legal system" are a big friggin JOKE and I ask all Americans to take a deep breath and THINK for a minute, WHY DO I HAVE to PROVE to the US Government that they are MENTALLY TORTURING and TERRORIZING me 24X7 with surveillance devices, violating all my human rights and ILLEGALLY entering my apartment and moving around and stealing things when it is the "US GOVERNMENT aka FBI itself" that is doing it ?

Is this the type of DEMOCRACY, the EVIL American government wants to SPREAD across the world ???

To all of you who are gonna advise me to wear tinfoil or take drugs for schizophrenic paranoia, the SADISTIC FBI wants all of you to think exactly that way so they can CONTINUE to carry on their PERVERSE SADISM on ordinary american citizens and MISDIRECT and PROGRAM all of the 290 mil american brains to treat the EVIL, SADISTIC, PERVERTED and DICTATORIAL FBI like Gods.
