You guys aren't nearly the world-beaters you were in 1941.

- > We guarantee that your data will be treated anonymously.

Every time I fart Windows makes 59 files documenting it. NOTHING is anonymous (as a Tennessee State senator has recently learned).

Everything and its opposite in the social sciences is true. Google works because Google doesn't give a shit what others think – or if they think at all. Google is a collection of the most Severely and Profoundly Gifted on this planet. The only way to accurately predict the future is to create it yourself.
