Title

Kutolin solid state theory as a principle of preservation of a symmetry in chemical processes, phenomena and updated computational method of physico-chemical property of high-melting compounds alloys

Author

Mel'tser, A. S.

Organization

Chem. Lab, NCD, Israel

Publication Source

Khimicheskii Dizain (2007) 35-43

Identifier-CODEN

KDHIAM

Publisher

Chem.Lab.NCD

Document Type

Journal

Language

Russian

Accession Number

2007:643814 CAPLUS
