Ok. We were almost assaulted in 1994, after Mexico fell to the political assassinations realed in Beheadment of a Government. The guy looking like a cat appeared from nowhere and began pointing to my side. I jumped to him, then to the side, and went into the Hotel Romano were one guy from Durango probably kept some 11000 from the ANEE Congress, to find one of the syndicalists saying that nobody sould come out and help because Lu is stayed there. A huge man with little neck, high shoulders and the informed face of somebody who follows the biological aberrations of schizophrenics. The gay Lu is was so obvious as the drugged and gay Danilo, me that appeared in the shelter, a Danilo only by inference and context, becau
