Hello. There's a Lottery that works in a chatroom: Leottery Chat. You enter there and place your bet(s): 5 numbers from 1 to 32, trying to match the secret numbers they have.

In 5 minutes the bets are stopped and the secret combination is revealed. According to your matches, you earn:

If you guess 2 numbers of 5, 20cents

3 of 5, 120 cents

4 of 5, 15 dollars

5 of 5, 100 dollars

Every 10–15 minutes a new round for bets is open, and you may post up to 10 bets per round.

You spend 5 cents per bet only. 100% bonus for your 1st deposit. All your deposits receive some amount in bonus.

Min

deposit: 3 dollars, unlike online casinos, that demand at least 40–50 dollars to join. No min. amount to request money, except the bonus.

Leottery Chat have a 3 level referral program. They pay 15% of your direct referrals' bets for life, and 5% from your second and third levels' bets. That info has been sent to registered users only.

Also 50c for every direct referral joined is paid and 20c for each of second and third levels.

That's why I invite you to join my downline, for I'm gonna pay you a 50% of my earnings that come from you. It means that you'll save a 7.5% of your money. I'm richard0009 there. The program is in pre-launch stage, so you do not have to fund your account yet, but you can

join and invite others too. All transactions via Alertpay or Neteller.

This way you won't have to reveal personal account or credit card info.

See the rules here: <http://leottery2008eng.soy.es/> (temporary website).

Be lucky
