with little effort:

<http://www.kester.com/en-us/technical/knowledgebase.aspx?cid=68>

poptronics is definitely dead. Sorry for that one.

first Google hit for weller +"better soldering" =

<http://www.astro.umd.edu/~harris/docs/WellerSoldering.pdf>

Results 1 – 10 of about 86 for weller +"better soldering". (0.41 seconds)

Google for "Apogee Kits Free guide to electronics soldering" first link:

http://www.apogeekits.com/ApogeeKits_Free_Guide_to_Electronics_Soldering.pdf

Google for "soldering for hams" was not good, but Google for "soldering +hams" came out with a bunch, too many to list.

YOU are allowed to use your imagination and common sense when researching a subject. Was I supposed to spoon feed?
