Ah, another clueless poster who thinks that Google Groups is Usenet:

http://groups-beta.google.com/group/sci.electronics.design/browse_frm/thread/e58f21cc53b80728/0356aaf9a6d442c9

This has been covered here before:

http://groups-beta.google.com/group/sci.electronics.basics/browse_frm/thread/abf3f7038a2ef354/e08362c5b4fe45b5?
