Phil,

** Piss off – shithead.

Why did you have to be rude to the guy for asking a basic question on a basic group?

** So you have no appreciation of the importance of CONTEXT either ?

Read the OP's asinine question more carefully.

HE ****removed**** a technical phrase from its context so that it no longer had a meaning.

THEN the wanker asked this NG to explain it to him.

Only a congenital, idiot does that.

You must be one as well.

..... Phil
