Yes,
the
two
115v
windings
can
be
used
to
make
an
isolation
transformer.

You
can't
legally
use
it
that
way
for
isolation
since
the
insulation
doesn't
meet
safety
regs.

Will
the
Insulation
Police
bust
me?
Will
they,
er,

Re: toroidal transformer winding question

put
me
into
isolation?

Given
today's
liability
issues, I
wouldn't
even
suggest this
in a casual
newsgroup
discussion.
Note the use
of your
company in
your email
addy.
Liability
lawyers will
note that
too and
possibly
claim it was
professional
advice.

I'm shocked, shocked that
you suggest such a thing.

John

I didn't think that you had the capacity to be
shocked. ;-)

How did you induce that?

John

With my magnetic personality! ;-)

Re: toroidal transformer winding question

Re: toroidal transformer winding question

I can easily resist that.

John

Haven't got that capacity to admit it, eh?

;-)
