And what, pray tell, is this argument doing in an 'Electronics'  
group?????. Yes, very interesting subject....wrong 'group'.

AGREED.

I know other's "might" be pissed about resending it all – but "I'm" thankful  
you did – just so I could read it before further condemning it. Allah forbid  
I should do that with out just cause! :) However – in reading it all, I  
find – IT STILL teaches some very contradictory values in <their> life. So –  
bottom line – regardless how they try to candy coat it – IT SUCKS.

1. Muslims shall not rise against Muslims – yet they're doing it.
2. They shall not do acts of violence against humanity (etc.) – yet they're  
doing it.

Those two facts alone – stand out LOUD AND CLEAR. And that was a quick read.  
If I reread it slower I'm sure I could point out some other inaccuracies.  
Either way ya look at it – Lantern – YOUR religion IS ASS BACKWARDS. Your  
words and actions are like the Indian used to say to the white man – at  
least in the movies – "White man speak with forked tongue." You talk one  
game and do yet another.

Lantern – let me try to explain one principle to you. Let's see if you can  
comprehend this. YOU ass holes expect ALL to bow down to you – accept your  
religion – "flawed" as it is. To that I SAY – SCREW YOU. Here in the U.S.,  
if I have people come to my door to offer religion – though some can be  
pushy, I merely say – NO THANK YOU – shut my door and that is the end of

## Re: Definition of Terrorism

it – til a new group tries it a few months later. BUT – They don't try to shoot, bomb, stab me or cut my throat – because I say NO. IT IS CALLED "CHOICE" – "FREEDOM TO CHOOSE". YES – they all teach basically the same – if you don't believe in God/Allah – you'll go to Hell/Purgatory, etc. SO WHAT – that is MY choice. So – when I die of natural causes, auto accident – whatever – and I'm not referring to violence from you ass holes, if I was a bad boy here – I GO TO HELL. It is ME who has to suffer the consequences for my actions. In some "MINUTE" form – your religion seems to imply a similar principle. OK – so then if you're going against all your Quran's rules – then as much as you all want to be with Allah – in truth – you too – are all going to HELL. So..... don't hand us your stupid shit of how great your religion is. A religion based in a good part – on a "CHILD MOLESTER". You need a better example to follow!

GO AWAY Lantern. YOUR garbage is starting to stink up the Internet. OR maybe ask in these groups for ways to jack up the voltage source for your lantern to glow a bit brighter so you can see the way – and to conform to the group! Because right now – you're suffering from a serious power shortage – nearing a black out.

Islamists/Muslims/Terrorists – if NOTHING else makes my blood boil, it is THIS. My apologies to the rest for the tyrades due to this GARBAGE. But, "I" haven't forgotten nor will I – what them bastards did.
