: | Hey, is there a control to rotate or mirror the symbols in LT
: | Spice...
: | Roger Gt
:
: Yes..... I've changed the defaults but..... if I remember it
right then
:
: Ctrl-R Rotates
: Ctrl-E Mirrors
:
: If you click on Tools, Control Panel, Drafting Options and then
the
: Hotkeys button you can set them up to suit your own preferences.
: Click on the one you want to change and press the key(s) you
want to do
: it with.
: I use space for rotate and X for mirror.
: DNA
