E-Teknet Inc. is currently seeking highly motivated Contract Manufacturing Representatives to help continue to grow our company to new heights. We are offering a unique opportunity for the right people to have production capabilities in China. The ideal candidate should have established relationships for electronic and plastic manufacturing, and have the desire to take their production overseas. Our China facilities can save your customers up to 30% in manufacturing costs. Ideal candidates will receive a highly competitive commission package. If this is not your specialty, but would like to refer someone to us we will reward you \$300 in cash! If you are interested please contact Human Resources at (480) 752-7854 or email at customer.service@xxxxxxxxxxxxx

E-TekNet, Inc. a PCB, Assembly, and Injection Molding company based in Phoenix, AZ with offices and production facilities in Zhuhai, China. Visit our web site: <http://www.e-teknet.com>
