I read in sci.electronics.design that Kevin Aylward
<salesEXTRACT@anasoft.co.uk> wrote (in <zJT0d.22691\$F73.4111@fe2.news.bl
ueyonder.co.uk>) about 'anyone familiar with this topology?', on Sun, 12
Sep 2004:

>Oh? care to present the **full** effect of all the opamp poles?

"These op-amps are de-polarized and we have to polarize them. Kid, go to
stores and get a box of op-amp poles, will you?"

Regards, John Woodgate, OOO - Own Opinions Only.

The good news is that nothing is compulsory.

The bad news is that everything is prohibited.
