Sign up at <http://news.individual.net> for a free account.

Xnews, Xananews, Free Agent, Microplanet Gravity for free readers.
Grab the lot from <http://www.nonags.com/nonags/newsr.html> and give
each a try. Keep the one that suits you. SLRN if you're on Linux/*BSD.

So lunch may not be free but there's sure a lot of software out there
:-)
