What a doof! Why did Israel occupy the Sanai? ...and you're off by a couple of decades. Sheesh! Toke up another one, Rich. You're batting ..000 now.

Who is "they"? You really don't get it, eh?

Again, who is "they"? The Taliban? Good idea Rich <the idiot>.

Oh, it was Iraqis that bombed the London tubes? Grow up!

I care! They want *US*! If you're too drugged up to understand that simple fact, don't stop me from trying to defend myself!

Discrimination? You've totally lost it. Perhaps you should move in with Bemelman.

Discriminate? If they're not citizens, send 'em back for looking cross-eyed. They have no inherent right to be here. There here at the US government's leisure.

You really need to read some more. The *US* government isn't a theocracy, but there is nothing in the Constitution that says a state can't be (congress shall pass no law...). Indeed PA was. Your friends on the courts have since decided that the Constitution is meaningless, so...

> If somebody else wants to be a theocracy,

That really isn't the point. It's defense. They want to kill us, and say so every day. You want them to succeed, because you're a "pacifist". Fine, you drop on the next bomb. You will meet 72 Catholic virgins on the other side; giving your life for Christ.

In Afganistan? In Iraq? What the hell are you yammering on about?

Good idea, except their baby's throats were slit in front of them,

It's *not* "internal" at all. It is our security, whether you believe it
or not.

WOuldn't it be nice if they all got along in peace? THEY haven't been
doing a great job of it for centuries. Maybe it's time for a little help
down the right path.

Exactly. They didn't get "it" by themselves. They had to beaten over the
head with a clue-stick. Nothing has changed. Peaceniks were in abundance
in WWII too.

...unless you are a thread to me and mine. Then you meet Mr. Louisville
(or Mr. Smith), right across the forehead! No appologies, you die first.

You are simply stupid, beyond hope. ...nothing new here.

No, I really don't care who started it. I didn't. I will do my best to make sure *WE* end it though. If that takes making a lot of glass, so be it.

You assume a lot, as usual.
