

Re: OT: We got it up!

I was being snide.

- > The silly death traps should be sent to museums,
- > where they'll be more useful and less dangerous.

Space is always going to be a dangerous place. Hell, \*all\* exploration is dangerous. Mountain climbing is dangerous too. Should it be banned? My only problem with the current NASA program is ISS. What exactly is its purpose, other than to justify the Shuttle? Which is "needed" by ISS, which...
