Hello John,

... And an estate tax would absolutely destroy my business and kill 20 jobs or so; The Brat would have to liquidate, to *make* the assets worthless, to avoid having to write a tax check for a million or so dollars for the value of "goodwill."

AFAIR that is how Sam's Town came to grief. Along with every single job there. I was sad to see it being bulldozed down. You might remember it going up 50 towards Tahoe. Cameron Park exit. Now there is a Food-For-Less, a parking lot and a Starbucks.

Regards, Joerg
