Oooooooo....

Not that we are interested but this showed up in
misc.business.product-dev....

Yeah, the BP guy is over there whining as how we weren't nice to him,
inviting GM to pontificate.

And hey, how did your posts sneak in past The Moderator?
Consternation, there was.

[snip]

John

If the moderator wants the post to get through then he will let it through.

Either you are doing a good impression of someone who will have a sore head
tomorrow or you need to snuggle up to your bed sheets.
