** BEWARE: Groper Idiot on Loose

Thanks for replying. Here i have the fundamental paper talking about the electrical model of my detector by Comisarow, which is a penning trap. I

ts based on rotating monopole and in Fig. 3 and 4 the schematic is presented. I base almost all of my design thoughts on this paper.

** My Gawd !!!

Now *WE* have to FUCKING pay money (US\$23) to read this arrogant wanker's reference !!
