If you are currently using internet, chances are that your IP address and port is insecure. You can know your IP address and Port here.  
<http://www.newsonfocus.com/ip/>.

Bye

Whoopie! It states that it is an "IP CHicken Clone", so you might as well use the real IP Chicken: <http://www.ipchicken.com/>

<http://www.dnsstuff.com/> will tell you yor IP address, as well.
