Regarding my post quoting problem..

I'm using an old Newleecher v2 if that's the bug.. Probably just me. :)

I'm reading about post quoting now and posting ethics.

I'll be reviewing my news program too and anything else that might be going wrong.

Hopefully my next post is a sparkling example of proper posting and replies.

If I don't feel like a newbie, I'm not learning anything :)

D

This too shall pass. I have been on USENET since 1983 and i am still learning things frequently. I also try to pass on things that i have learned here and elsewhere.
