Re: Tracking of Killer Asteroids Runs Low on Money and Short on Time

The
kind
that
you
strike
with
a
hammer?
I
have
one
of
those.
It's
a
PITA
in
the
wrong
position.
They
make
one
(about
\$70)
that
has
a
trigger.
I
might
buy
one
to
replace
the
basement
window
frame.

I hope the
house
collapses
onto you.

I wish nothing bad on you.
It sounds like you punish

Re: Tracking of Killer Asteroids Runs Low on Money and Short on Time

Re: Tracking of Killer Asteroids Runs Low on Money and Short on Time

yourself enough
already.

You started it. I have no intention of letting
up on a total retard
that thinks that little jabs are OKie Dokie.
You get it back, in
spades, dipshit. What you do not get to do is
act as if you didn't do
anything.

If you can't play the game, take your bat and go home.

Or change your nym yet again, stop calling *everybody*
stupid, stop
claiming you understand things that you obviously don't, and
make some
friends and learn some stuff. It's your life, it won't last long,
and
you can be as happy or as angry and miserable as you like.

You're an idiot. A glancing hit, even if the bullet embeds, imparts
a side force on the ball.

Get a clue, dumbfucktard.

Angry and miserable it is.

You're an idiot. Work the problem. Don't even think about working
me, asswipe.

.
